

GUARD AT HOME

The new **Guard at Home** program was established to help the spouses of Missouri Guard and Reserve troops who have been activated in defense of our country, and to assist those troops upon their return home.

This pilot program will address their immediate needs, and build a path to employment to help keep the family from falling into poverty while the primary income earner is on active duty deployment.

Guard at Home is funded through federal workforce funds.

Contact your local Missouri Career Center today to find out more. Call 1-888-728-JOBS or log on to www.ded.mo.gov/wfd.
